Department Approved Sheep Tags

Visual & EID (*Shearwell one piece SET Tags*)

IE 041234S 00001 A

€0.20

SET Tags are supplied in a strip of 10 tags
€1.35

5 EID pairs

Mart / Slaughter Tag
one Visual (conventional) Tag

A single yellow conventional tag in the left ear is the minimum requirement for lambs under 12 months destined for sale.

EID Tag Pair
one EID SET Tag and one Visual SET Tag

One electronic ear tag for insertion in the right ear and one mart tag for insertion in the left ear. Both are yellow and the tag number on each must match.

An EID tag pair is required to identify breeding sheep when they reach 9 months old and all other sheep when they reach 12 months old. Also required for all sheep for live export.

"Switching to Shearwell tags was the best decision I have ever made!"

Free Replacement SET Sheep Tags
- when you buy 200 or more pairs (1 visual & 1EID)

Custom Management Sheep Tags

Visual Tags

In the case of leaf tags and button tags, either the male or female part of the tag may be left blank. Flock-owners ordering new or replacement tags can opt to have management information such as their flock number, pedigree identifier or any other information printed on the blank part of a tag.
